

**PART CODE:- QCTN-FP****FACEPLATES**

Q-connect offers a range of high-quality, stylishly designed Faceplates for professional installations, fully compliant for copper cabling systems. The range of shuttered faceplates allows mounting Keystone Outlets to suit all the installation requirements. The standard faceplates are available in white high-impact plastics and are ABS UL 94V-0 compliant. Faceplates include labels and mounting screws and also inbuilt shutters which are compatible with any standard colored keystone jacks. The faceplates are available in single-port to four-port variant.
